

INTRODUCING

Our Latest Initiative:

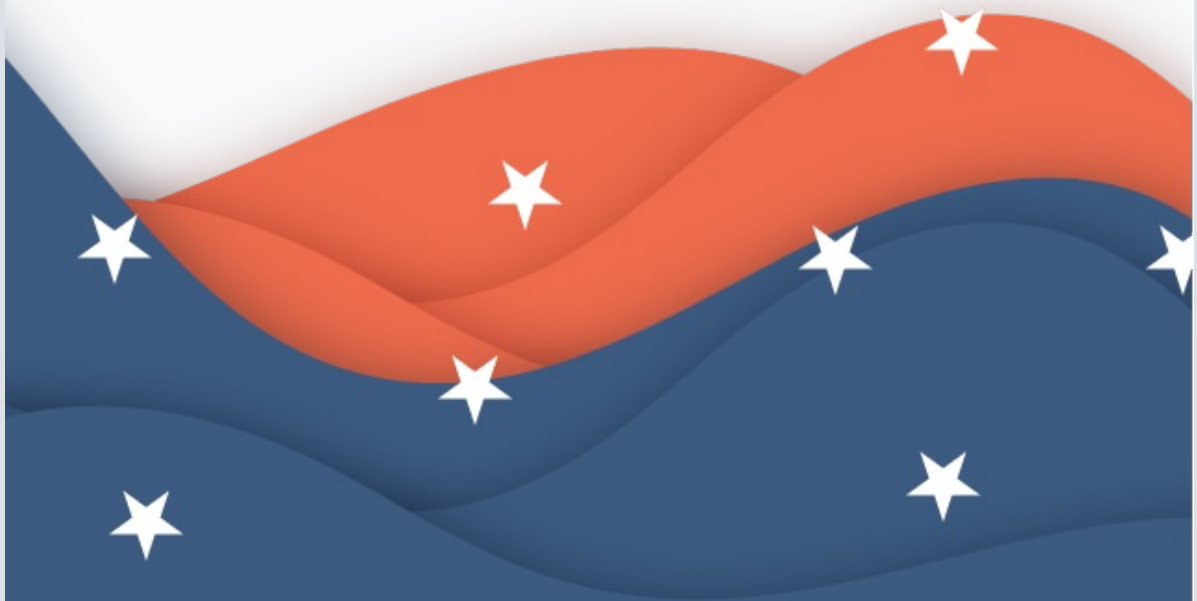

Veterans Assistance

Our Veterans program is our newest initiative, established for the purpose of providing much-needed assistance to our worthy service men and women. We are proud to have unanimous board agreement for this program which supports those who pledged their lives in service of our country and its freedoms. We just gave out our first award:

Cynthia Hale

Cynthia is a US Air Force veteran, who does not receive any type of VA compensation, and who has exhausted her GI benefits. She is attending Brookline University for her medical degree. She had been working part time as a CNA, but had to quit this semester, to focus on clinicals, as she is expecting to graduate in August. She has pulled several loans to help pay for school, and had been making extra payments while she was working. However, she had fallen behind on some of her bills, without the income

*from her job. We helped her catch up on rent and car insurance, and gave her a gift card to help with household essentials.
Thank you for your service, Cynthia!*
