

Our board received three nominations for emergency assistance this month, and each were unanimously approved. You'll enjoy reading about each of these worthy organizations, and how, together, we are helping the youth of our state strive for excellence and prepare for the future.

As always, we could not do this without you. Thank you!!

West Mesa High School - SKILLS USA

Patrick Bova, a teacher from West Mesa High School, submitted a request for help to send seven exemplary students to the SKILLS USA national conference and competition. These students have already won the local and state competitions, and have been given a wonderful opportunity to challenge themselves on a national stage. SKILLS USA is an organization that serves high school and college students who are

Ask your benefits administrator how you can designate LODLF as your

preparing for careers in technical, skilled and service occupations. These seven students won 9 medals between them all, and have been working hard to raise the money for the trip. We wrote a check to help them reach their goal. We know we can expect great things from these young New Mexicans, and we appreciate teachers like Patrick, who support our children and lead them to success.

New Mexico RUSH - Barcelona Black 04

Barcelona Black is the top U12 team in the Duke City Soccer League, earning multiple trophies around state competitions. Their accomplishments have earned them a spot in the Far West Regional League, which includes tournaments in Denver, Phoenix and Las Vegas. As can be expected, the tournament fees, plus the travel costs, uniforms and other expenses really add up. The team has been holding fundraisers and their families are working hard to put together the funds to make sure each member of the team can participate in the tournaments, but have asked for a bit of help. We wrote a check to help the team stay together and reach for even greater heights. Good luck, Barcelona Black, and bring home the gold!

Arlene Trujillo, principal of the Academy of Trades & Technology, reached out to us, to ask for assistance in providing accomplishment rewards for this year's graduating seniors. The Academy serves an "at-risk" student population, striving to help them learn the joy of accomplishment and the benefits of hard work.

We were happy to help in this effort to encourage excellence and reward hard work, and we wrote a check to help purchase gift cards.
