

LODLF Athletic Youth Development Group

Los Ojos de la Familia launched a new program this month, called the **Athletic Youth Development Group.**

The main goal of this program is to help children excel and succeed through sports, to become healthy, productive members of society. LODLF has partnered with two local athletic organizations, which reach out to children in lower income neighborhoods, to give kids a healthy and safe outlet.

The program will pay half the dues of every qualifying child, to encourage involvement in the organization as well as to promote health and well-being. The funds are distributed quarterly, and we keep in communication with the partner organizations, to monitor the participation of each family we are working with. We only pay half, so that the child and family are committed to putting in their portion, which includes a commitment to actively participate in the organization.

This cooperation help children, families and local organizations, to create and maintain relationships within our community, and all of this works toward the mission of LODLF: to make a difference in the New Mexico community by providing educational development and quality of life assistance.

Currently, we have already partnered with two organizations and we are sponsoring 21 kids.

We hope to sponsor many more children in our community,

*to give the core values of
health, discipline, commitment, and fellowship.*

A NATIONAL YOUTH AND ADULT AWARD WINNING PROGRAM

is a non-profit, community based organization designed to provide educational, recreational and enrichment activities to Albuquerque youth. The focus is on economically disadvantaged areas and communities. A major effort of the organization is to work with youth and young adults to prevent involvement with crime, drugs, and gang-related activities.

We have partnered with these community organizations, and we want to create more new relationships with others, who share the same vision and mission: to reach out to the youth of our community, to help shape and develop them into healthy, happy, and productive members of our New Mexico community,
